Introduction

This guideline addresses OSFI's expectations with respect to the minimum deposit, to be held in trust, which authorized foreign banks must maintain in respect of their business in Canada.

Pursuant to subsection 534(3) of the *Bank Act* (the Act), every foreign bank branch (FBB) must deposit unencumbered assets with an approved financial institution in Canada (the Depository) before the Superintendent will issue an Order to Commence and Carry on Business. This deposit is called a FBB Deposit (FBBD) and subsequent to the making of the Order to Commence and Carry on Business by the Superintendent, the FBB must maintain the required FBBD at all times.

FBBD Requirement

A lending branch, which is subject to the restrictions and requirements of subsection 524(2) of the Act, is required to deposit and maintain a FBBD of \$100,000. For a full-service branch, the initial FBBD requirement is set at \$5 million, and must be maintained at the greater of \$5 million and five per cent of the liabilities of the authorized foreign bank in respect of its business in Canada, as required by subsection 582(1) of the Act. For greater certainty, these liabilities should exclude amounts payable to the head office. Furthermore, OSFI expects full-service branches to maintain an additional amount above this requirement to take into account the projected fluctuation in the FBB's liabilities.

Pursuant to section 617 of the Act, the Superintendent may require the FBB to maintain additional assets with the approved Depository where, in the opinion of the Superintendent, they are necessary to protect depositors and creditors of the FBB. For example, this may occur where the Superintendent is concerned with the financial strength of the foreign bank.

Deposit Agreement

An application by a foreign bank to establish an FBB must contain a statement identifying the proposed Depository and the general terms and conditions of the deposit agreement. The deposit agreement must be signed by the FBB

The Standard Form Deposit Agreement should include both the name of the foreign bank as well as the name under which the authorized foreign bank branch will carry on business in Canada, the Depository and the Superintendent. The required pro forma FBBD Agreement is attached as Appendix I. The FBB may only have one deposit agreement in place with one Depository at a time and the Depository cannot be affiliated with the FBB. The deposit agreement may not be terminated without the prior written approval of the Superintendent. Requests to terminate the deposit agreement typically occur where either the FBB changes its Depository or the FBB ceases operations in Canada. Such requests must be submitted in writing at least 30 days before the proposed termination date. No termination shall be effective until OSFI has approved the asset withdrawal request and, where applicable, another financial institution has been designated as Depository by the FBB and approved by the Superintendent.

Qualifying Assets, Additions and Withdrawals

The assets forming the FBBD must be unencumbered and may not be used for securities lending purposes. A list of pre-approved asset classes can be found in Schedule "A" of the FBBD Agreement. These pre-approved assets may be added to the FBBD or replaced with other pre-approved assets of equivalent value without the Superintendent's approval. Assets falling into a class not found on the list of pre-approved assets cannot be added to the FBBD without the prior approval of the Superintendent. Approval of other types of assets is dependent on both the quality of the assets and the financial strength of the foreign bank. Requests to add assets not found on the list of pre-approved assets should describe the type and amount of assets to be added.

Where the FBB seeks to withdraw assets, the prior approval of the Superintendent is generally required unless the assets are being replaced with pre-approved assets. An FBB should look to its own FBBD Agreement for approval requirements. The request to withdraw assets should include the proposed time frame of the withdrawal and must be accompanied by a signed statement by branch management of the FBB that the withdrawal would not cause the FBBD to fall below the required level. A sample of a withdrawal request and accompanying declaration can be found as Appendix II.

Reporting

The Depository must provide a monthly statement to the FBB reporting all transactions affecting the FBB. The statement should list assets on deposit and value them in accordance with Canadian accounting principles used to prepare annual financial statements. A full-service branch must ensure that a copy of the monthly statement is forwarded to the Superintendent. A lending branch must provide an annual statement to the Superintendent.

In addition, a full-service branch must record daily the amount of liabilities requiring FBB coverage. At each quarter end, it must calculate and report to OSFI the average of these liabilities for the period (Appendix III) as well as other information requested by OSFI.

Finally, pursuant to section 600 of the Act, the Superintendent may require any other form of reporting as deemed necessary.

Further Information

Reporting forms for the FBB are described in the Manual of Reporting Forms and Instructions section of the OSFI website. The completed FBB Agreement (Appendix I) must be submitted to the Securities Administration Unit at SAAR-SSAVMRCA@osfi-bsif.gc.ca.

Once OSFI approves the FBB Agreement, the Securities Administration Unit will be responsible for processing any requests related to the deposit account such as the withdrawal of assets. Questions regarding this process may be forwarded to SAAR-SSAVMRCA@osfi-bsif.gc.ca.

Upon receipt of a copy of that written approval, the Depository shall follow the written direction of the Authorized Foreign Bank in respect of the asset.
 - b. Unless the Superintendent has otherwise directed by written notice to both the Authorized Foreign Bank and the Depository, the Authorized Foreign Bank may, without the prior written approval of the Superintendent,
 - i. deposit an asset listed in Schedule "A" of this Agreement, or
 - ii. withdraw a deposited asset on condition that the asset withdrawn is replaced, either prior to or simultaneously with, an asset or assets listed in Schedule "A" the market value of which on the date of the withdrawal is, and is certified by the Authorized Foreign Bank to the Depository to be, at least equal to the market value of the asset withdrawn.

ASSETS IN DEPOSITORY'S NAME

4. Subject to clause 8, the Depository shall register in its name or, subject to the written approval of the Superintendent, in the name of its nominee, any deposited asset that can be issued in registered form.
